

## Coming Home

Morgan Donnelly was military for life, until an IED sent him into a retirement that he had no idea what to do with. At loose ends, struggling physically and emotionally, he did the only the he could... he went home. But just because small town life moves slower, doesn't mean it's less complicated. Falling hard and fast for the baby sister of his ex-fiancee is about as complicated as it can get. Lexi Flynn was too young when Morgan left for the Army to really understand what was happening. She only knew that the handsome boy her sister was supposed to marry was gone. Now, he's back and he looks at her like he'd rather take a bite out of her than out of the desserts she serves up in her small bakery. But Lexi got a few demons of her own. It's not easy being the biggest girl in the room, and when a handsome man pays attention to you, it's always suspect. But just maybe, if the two of them can see past their own insecurities, they'll find out that there is nothing better than Coming Home. Coming Home is an 18,000 word novella previously published in the Hot Soldier Boxed Set.
