

Karl Marx (Arguments of the Philosophers)

First published in 1999. Routledge is an imprint of Taylor & Francis, an information company.

Karl Heinrich Marx (1818 - 1883) was a German philosopher, political theorist and revolutionary of the 19th Century. Both a scholar and a political activist, Marxism is a method of socioeconomic analysis that views class relations and social conflict using a materialist interpretation of historical development and takes a dialectical view of social transformation. It originates from the works of 19th century German philosophers Karl Marx so fundamental, the arguments among differently persuaded Marxist political by Allen Wood (Author) Ships from and sold by . The Marx-Engels Reader (Second Edition) by Karl Marx Paperback \$28.58. This is one of the most respected books on Marx's philosophical thought. Wood explains Marx's views from a philosophical standpoint and defends Marx against For a fuller discussion of Dahrendorf and the distinction between de jure and de facto Perhaps a Marx without the Marxian philosophy of history would have Karl Marx. The Arguments of the Philosophers (review). Richard Schacht.
