

The Elephants and I: Pursuing a Dream In Troubled Zimbabwe

A true story filled with both joy and foreboding, this portrait of Zimbabwe and its wildlife comes from an Australian woman who went as a tourist to Africa and then decided to leave her old life and live permanently in Zimbabwe to work with elephants on land bordering Hwange National Park. Not a scientist, she wanted to observe elephant interaction informally, and this moving memoir describes how, in time, she and the elephants developed affectionate relationships with each other. As the beauty and wonder of the park became increasingly threatened by illegal snaring of wildlife and land invaders claimed the territory where her elephant herd roamed, she went into battle for the animals and this compelling account reveals how she put her own survival at risk.

An unplanned visit to South Africa's Kruger National Park changed Sharon Pincott's life as she knew it. She was a high-flying Information Technology specialist at Zimbabwe Conservation Task Force (ZCTF).
