

# Sci-Fi 2011 Vintage Calendar

The images featured in this calendar are carefully restored reproductions of covers from the Golden Age of Pulp Science Fiction. In some cases the images have been digitally repaired and restored where creases, tears, marks, or other damage would have otherwise distracted from the appreciation of the artwork as it appeared at that time. Some images have been cropped and/or resized to fit this format.

A collection of notable dates in movie history, as portrayed with vintage Menu calendar The 1951 classic sci-fi movie poster, The Man From Planet X.Sci-Fi 2012 Vintage Calendar by Asgard Press.
