

# Solunar Fishing Calendar: 2016

This Fishing Calendar is based on astronomical calculations for the interaction between Earth, Moon, and Sun, establishing the time elements of the fish biorhythm. The author lists the best days to go out to catch fish, breaking those solunar tables into AM and PM periods. This book also describes, in detail, the most common fish found in the continental USA, and its normal behavior. This is truly valuable information for anglers of all ages, and of all skill levels.
