

International Human Resource Management

International Human Resource Management offers a contemporary and multilayered introduction to international and comparative human resource management for university study. It critically analyses the core issues and emerging trends in the field, with a consistent emphasis on real-world scenarios and concerns. At the macro level, the book examines how IHRM fits within and adapts to the ever-changing environment of international relations and global development. At the firm level, it elucidates the strategic goals served by IHRM, and the processes used to achieve them. At the individual level, the analysis extends beyond the traditional focus on expatriates to encompass the various IHRM actors and their motivations. Each chapter features a case study, a media article, tutorial activities, discussion questions and links to further reading. The book concludes with three extended case studies, each based on a specific region, to help students consolidate their understanding.

International Human Resource Management includes the firms work systems and its employment practices. It embraces both individual andThis course provides an understanding of the role of human resource management (HRM) in international contexts. The course is divided into three areas of
