

The World Is Flat 3.0 (Simplified Chinese)

SIMPLIFIED CHINESE The World is Flat 3.0: A Brief History of the Twenty-First Century is written in SIMPLIFIED CHINESE. This 3.0 version updates an already exciting look at today's commercial, political, social realities. The digital revolution continues to upset status quo and now, more than ever, the individual has the opportunity to affect good or bad on the many. This new edition has revised 100 pages that look at topics such as uploading, (a phenomenon by which blogging and podcasts travel upwards to the masses), and Friedman shares with readers how to survive in the new flat world, including what kind of technical and creative training he thinks is required for the New Middle Class.
