

## Devour: A Paranormal Suspense Romance

A man returning from war. His best friends widow, a woman hes loved all his life. Can they pick up the pieces of their loss, and grief before the darkness claims their heart? Part mystery, part thriller, a tale filled with real flawed characters you can sink your teeth into and root for.

----- Life in Gloucester Massachusetts will never be the same.

Raging storms, fierce winds, shadows shifting in the breeze. Storms are nothing new for the fishing hamlet. But darkness has come to claim the hearts and minds of those that stand in it too long. When that happens, love will be ripped from man leaving only violence, despair, and gnashing teeth. Except for two.

Roberta is a single mom, a waitress struggling to get through life after a rocky start tainted by murder and loss. Her heart yearns for Gabriel; a deputy living in the shadow of the chief, a battle weary soldier ready to settle down. When the storm comes, when the murders start, it will be up to them to stop it before darkness isnt just an empty void. Before it takes the shape of man and pulls them all into the sea.
